

IN THE CLAIMS:

1. to 9. (Canceled)

10. (Previously Presented) A magnesium alloy molded product having a brilliant anticorrosive structure, comprising

a magnesium alloy molded body having a portion where a skin of the magnesium alloy is exposed,

a transparent anticorrosive film consisting of an organic acid amine salt and formed at least on said portion, and

a transparent painted film composed mainly of a thermosetting organic resin formed on said transparent anticorrosive film.

11. (Canceled)

12. (Previously Presented) A magnesium alloy molded product having a brilliant anticorrosive structure, comprising

a magnesium alloy molded body having a portion where a skin of the magnesium alloy is exposed,

a transparent anticorrosive film consisting of an organic acid amine salt and formed at least on said portion, and

Serial No. 09/989,139

a transparent painted film composed mainly of an ultraviolet-curing organic resin formed on said transparent anticorrosive film.

13. to 20. (Canceled)
